

THE SPA

AT PGA NATIONAL RESORT

Our Services

The Spa at PGA National Resort welcomes guests to luxurious surroundings, lavish amenities and impeccable personal service. Join us to experience the ultimate in relaxation and rejuvenation in Florida's prestigious Palm Beach Gardens. Here, we have gathered highly skilled and thoroughly trained professionals in the fields of health, nutrition, athletic performance and lifestyle enhancement. We are, in every way, at your service.

Our exclusive Waters of the World give contemporary expression to the ancient spa tradition of "sanitas per aqua," or health via water. In this collection of outdoor mineral pools, we have recreated healing waters from some of the earth's most treasured locations.

The Dead Sea

For centuries, travelers have bathed in the mineral-rich waters of the Dead Sea. Famed for its salutary effects on irritated skin and anxious minds, the waters of the Dead Sea also soothe discomforts arising from today's hectic lifestyles and environmental stresses.

The Pyrenees

High in the Pyrenees Mountains, the chilly, pristine waters of Salies de Bearn have long attracted health seekers. We invite you to bathe in the Pyrenees salt pool, which helps to moderate fluid retention, body temperature changes and mood swings.

The Thai Massage

This massage uses two primary procedures: applying gentle pressure with hands and feet, and a wide variety of passive stretching movements. ■ BODY SERVICES

The Plush Papaya Body Treatment

This recipe for healthy skin is one you must experience. Your body is first exfoliated with Epicure's papaya pineapple body scrub. Next, you are massaged with moisturizing, facial-quality, enzyme rich emulsion. The grand finale is an application of glycolic polymer lotion with peppermint to further smooth, exfoliate and stimulate your skin. (75 minutes \$170)

The Star Fruit Sugar Glow Treatment

This treatment is excellent for dry skin. The experience begins with a sugar scrub used to exfoliate dead skin cells. Next, you are lightly massaged with tropical oil, followed by an application of velvety body butter to help nourish and tone the skin. (50 minutes \$125)

The Body Purification Ritual

The cleansing process of our purification ritual starts with our antioxidant rich geranium body scrub, preparing your skin for a powerfully detoxifying volcanic clay body mask that absorbs toxins while simultaneously delivering mineral nutrients. Chinese clay is added to stimulate blood circulation while gently exfoliating and cleansing to help restore and enhance the skin while hydrating, healing and soothing inflammation. The finale is an application of geranium moisturizer to relax, restore, and rebalance your body. (75 minutes \$170)

The Noni Body Treatment

Known for its legendary healing powers, Noni was brought to the islands of Hawaii by ancient Polynesians. The nectar of this tropical berry was used by the Kahunas as a natural healer for a multitude of needs, including sunburn. We apply a Noni Gel from the mineral rich volcanic soil of Hawaii. For a grand finale, warm coconut milk is poured over your entire body and gently massaged in, to leave you with that healthy glow of a tropical island paradise. (50 minutes \$120)

The Nourishing Firming Seaweed Wrap

Add a youthful glow to your skin. Following a dry brush to increase circulation and flush out toxins, we spray an anti-aging skin toner with marine hydroxy acids. This is followed by a seaweed mud paste rich in vital minerals to stimulate cellular turnover; improve circulation and firm up hips, arms and thighs. We finish with a body firming cream infused with crystals from the waters of the Bearn as well as bio-active seaweed extracts and anti-oxidants. The result is radiant skin. (50 minutes \$125)

The Ginger Lily Treatment

Sugar cane harvested from the sun drenched plantations of Fiji, combined with tropical nut oils and fruit enzymes, will nourish skin with Vitamins A, B, C & E to create the ultimate healthy glow. Coconut milk blended with macadamia and coconut oil are gently massaged into the skin followed by an application of pure cane sugar and tropical nut oils for exfoliation, revealing healthier skin as well as strengthening the skin's elasticity and replenishing moisture loss. Your ritual continues with a massage to soothe and calm tired muscles and ease away stress. (75 minutes \$170)

The Moor Mud Body Wrap

This treatment uses authentic thermal Moor Mud, one of the most potent natural healing substances, to soothe, rejuvenate, and re-mineralize tired muscles and dull skin. It has powerful anti-inflammatory, anti-aging, detoxifying, nourishing and rejuvenating properties. A generous layer of warm Moor Mud is applied over your entire body. We wrap you and leave you to relax while the Moor Mud works its wonders on your body and finish with an application of hydrating Neroli lotion. (50 minutes \$125)

The Spa's Muscle Melt

Experience this deep penetrating, all natural herbal liniment body wrap to soothe tired and overworked muscles and joints. This relaxing treatment leaves your body feeling calm and conditioned. The final stress reliever is a massage with a reviving rosemary lotion. (75 minutes \$170)

The Spa's Body Glow

Achieve a glowing tan with our fine mist airbrush application that produces a streak-free tan. Airbrush tanning is the fastest and healthiest way to give your skin a radiant tan as if you've been basking in the sun of the tropics. Walnut shell and pumice are blended with rich emollient properties to form a deep, exfoliating body scrub to alleviate dry, dead skin. The air brush tan follows. (50 minutes \$115)

The Green Tea Body Treatment

This uplifting yet tranquil treatment softens, hydrates, and fortifies your skin with various powerful antioxidants. This pampering treatment results in a luminous, revitalized skin tone and includes a body exfoliation, hydration and massage. (50 minutes \$125)

■ GARDENS DERMATOLOGY AT THE SPA AT PGA NATIONAL

Gardens Dermatology is proud to be partnered with The Spa at PGA National to offer the following services: (Consultation required.)

Botox® Cosmetic

For the treatment of wrinkles surrounding the eye, forehead, and frown lines to give the face a rejuvenated look.

Restylane®

Smooths wrinkles, sculpts lips, and shapes facial contours. It is a clear gel composed of hyaluronic acid, a natural substance that is found throughout your body. The most common areas for this treatment are the smile lines and marionette lines of the perioral area, and lips.

Perlane®

Replaces lost volume and restores youthful contours of the skin and smooths away moderate to severe facial wrinkles and folds, such as the nasolabial folds. Perlane gel particles are larger and designed for a deeper injection than Restylane®.

Juvederm®

Smooths wrinkles and shapes facial contours. It is a clear gel compound composed of hyaluronic acid. The role of hyaluronic acid in the skin is to deliver nutrients, hydrate the skin by holding in water, and to act as a cushioning agent. The most common areas for this treatment is the nasolabial folds.

Radiesse®

Used for deeper wrinkles and contours. It is made from the same minerals found in our bones so there is no risk of allergic reaction. Radiesse is a longer lasting filler and is most commonly injected in the nasolabial folds (smile lines), perioral lines (around the mouth), and depressed scars.

Photorejuvenation

Treats freckles, age spots, and sun damage. The intense pulsed light (IPL) selectively targets abnormal changes in the skin and reverses them gradually with each treatment. The result is improved skin quality, color, and tone.

Laser Hair Reduction

Removes unwanted hair. Imagine going to the beach, gym, boating and many other activities we have in South Florida without having to worry and without the hassle of shaving, waxing, or plucking hair. This treatment is able to treat most skin types on the face, back, bikini, underarms and other areas.

Microdermabrasion

Improves the appearance of fine lines and wrinkles, brown spots, scars, and acne blemishes. With the latest technology it utilizes natural diamond chips plated to a stainless steel surgical wand that effectively polishes away dead skin layers to expose healthier skin and promote new growth. Safe for all skin types, this treatment is virtually pain free and leaves skin feeling silky smooth. The treatment takes about 45 minutes, every 1 to 2 weeks and is most effective when 5-7 treatments are done.

Permanent Make-Up

Applies eyebrows, eyeliner, and lip color so that you never have to worry about applying make-up. This is done in two treatments; the initial treatment and a complimentary enhancement.
