

THE SPA

AT PGA NATIONAL RESORT

Our Services

Welcoming guests to luxurious surroundings, lavish amenities and impeccable personal service, The Spa at PGA National Resort offers the ultimate in relaxation and rejuvenation in Florida's prestigious Palm Beach Gardens.

Here, we have gathered highly skilled and thoroughly trained professionals in the fields of health, nutrition, athletic performance and lifestyle enhancement. We are, in every way, at your service.

Our exclusive Waters of the World give contemporary expression to the ancient spa tradition of “sanitas per aqua,” or health via water. In this collection of outdoor mineral pools, we have recreated healing waters from some of the earth’s most treasured locations.

The Dead Sea

For centuries, travelers have bathed in the mineral-rich waters of the Dead Sea. Famed for its salutary effects on irritated skin and anxious minds, the waters of the Dead Sea also soothe discomforts arising from today’s hectic lifestyles and environmental stresses.

The Pyrenees

High in the Pyrenees Mountains, the chilly, pristine waters of Salies de Bearn have long attracted health seekers. We invite you to bathe in the Pyrenees salt pool, which helps to moderate fluid retention, body temperature changes and mood swings.
