

THE SPA  
AT PGA NATIONAL RESORT

*Refresh. Rejuvenate. Rejoice.*

Step inside our spa, and instantly the world seems to spin a bit slower. Life proceeds at a gentler, more carefree pace. Stress vanishes and tension melts away. Within this serene bastion of pleasure, nothing matters but your well-being, and we offer more than 100 indulgent treatments to achieve it. Yes, it's all about you.

*Surrender Yourself.*

Surrender to the joy of a Lomi Lomi massage,  
an ancient Hawaiian technique that relaxes the  
muscles and increases self-awareness. Delight

in an exotic Plush Papaya Body

Treatment that smooths,  
moisturizes and stimulates

your skin. Enjoy a rejuvenating

facial to reduce fine lines and reverse the

signs of aging. Each spa treatment is designed

to reveal your true beauty, inside and out, and

to leave you in a state of pure bliss, perfectly

balanced in body and soul.

Many of our offerings are found nowhere else, such as Waters of the World, a series of outdoor pools that calls upon the healing properties of water. Ease into the soothing waters of the Dead Sea, which counter the effects of hectic, modern-day

life. Or bathe in the Pyrenees salt pool to restore inner harmony. Mineral-rich water has long been associated with wellness, in fact, the word "spa," is an acronym for "sanitas per aqua," Latin for "health through water."

*Submerge Yourself.*

*Pamper Yourself.*

To look their best, movie stars have long pampered themselves with all-natural facials

created by skin guru Sonya Dakar. Our spa

now offers a collection of her

facials to enhance your natural

beauty. The Fitness Facial

magically repairs sun damage

and fine lines. To detoxify, tighten and

rejuvenate the skin, the UltraLuxe Age Control

Facial works wonders. And for those with

sensitive skin, there's a facial that uses ultra-mild,

calming botanicals. Afterwards, your skin will

look absolutely radiant.

Special attention is paid to other parts of the body in the salon. Pedicures rely upon reflexology, hydrating oils, and aromatherapy

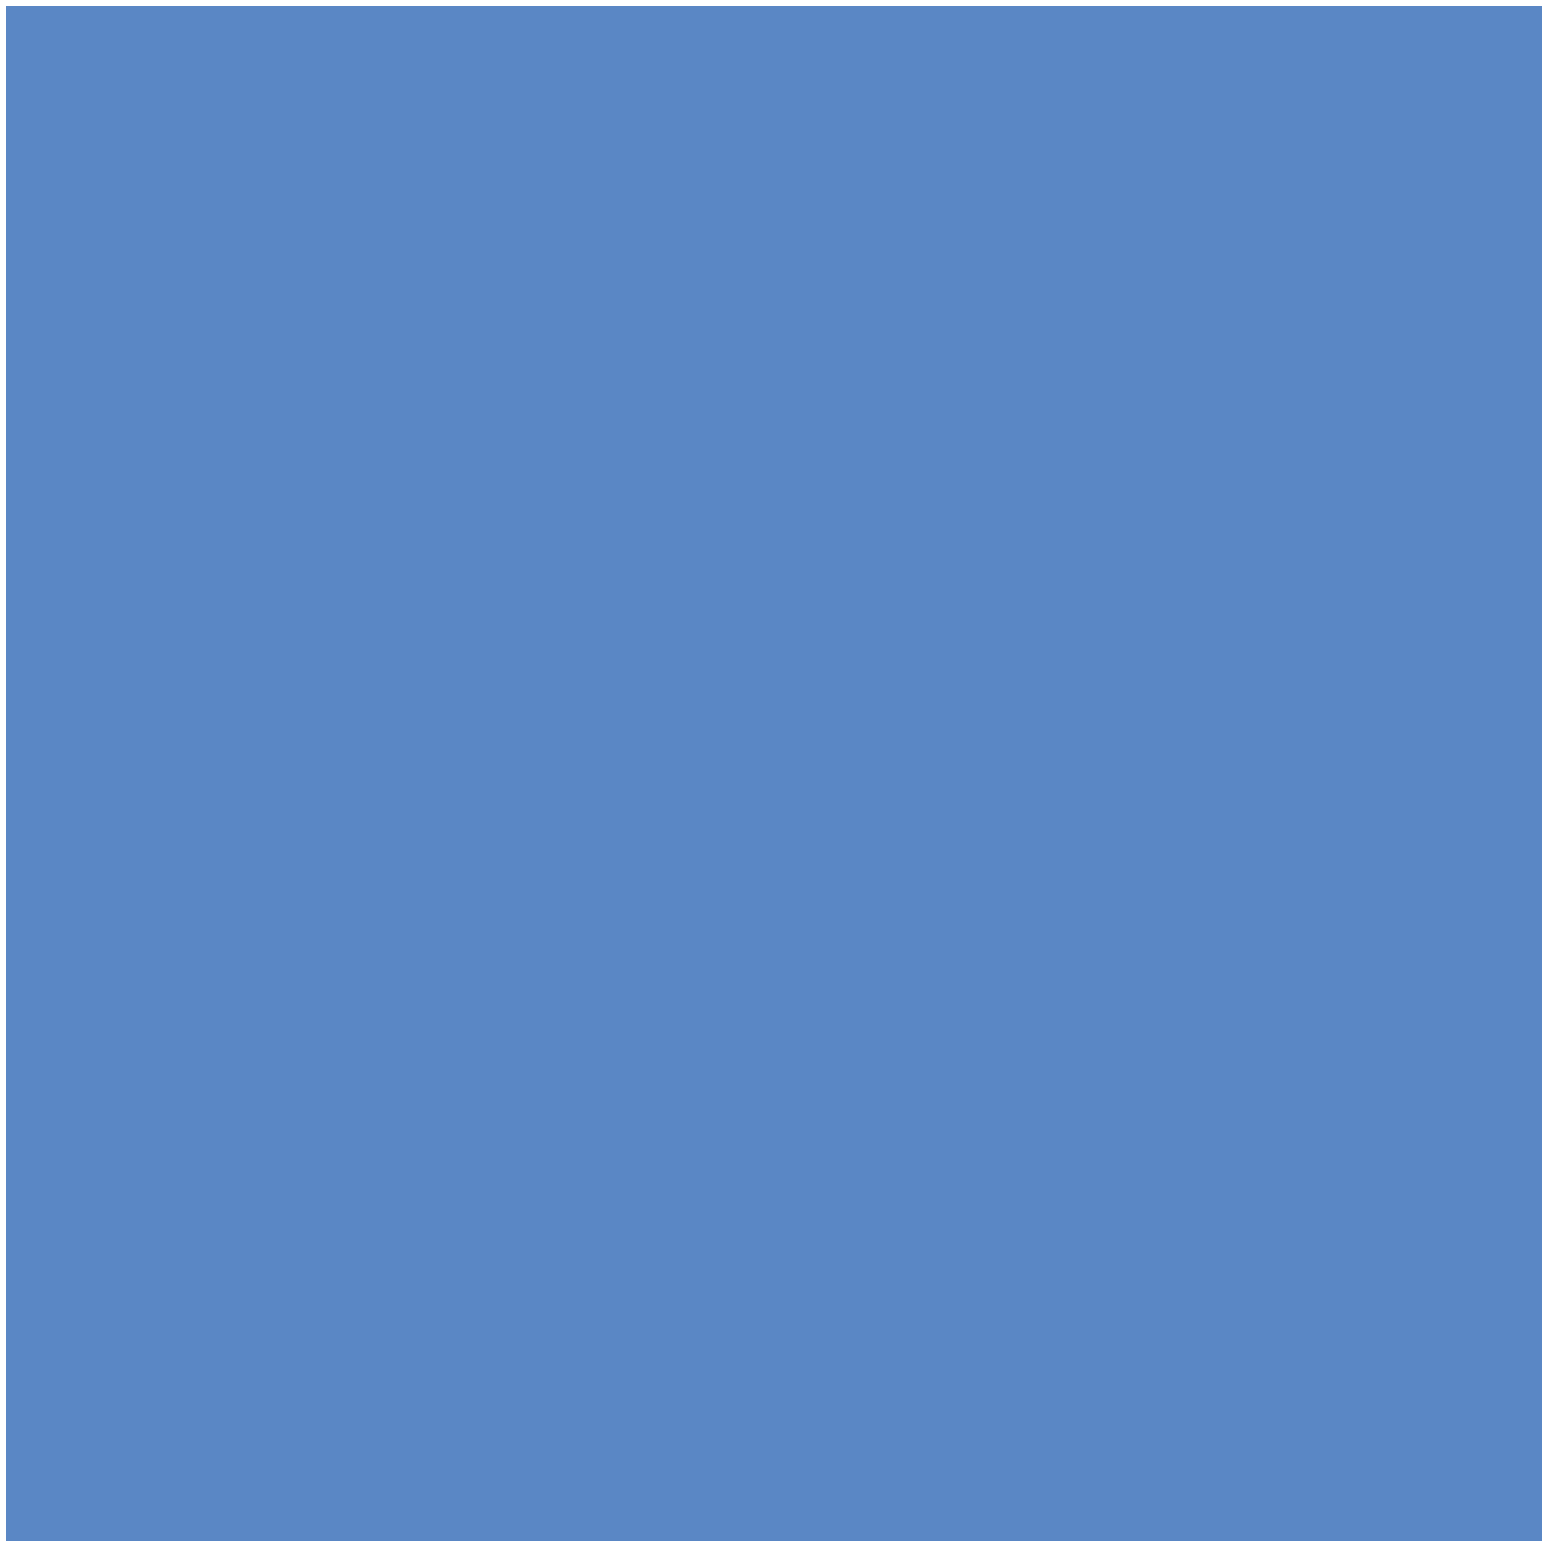

scents. Luxurious hand treatment fight aging and restore the skin's elasticity.

Our exquisite hair care and

make-up services further enhance your

features, ensuring that you look as wonderful

as you feel.
